

Preselected search term  
of counties

Markers contain marker  
name. Displays latitude  
and longitude. Pressing it  
opens Marker expanded  
List view

Opens the MENU

Search Bar to find  
markers by topic or name.

The marker list screen is  
always accessible from  
HOME. It represents the  
markers in a list item  
with an additional button  
to add the marker to the  
Wishlist. There are a  
variety of selectable  
criteria to narrow the  
users search and the list  
will update accordingly.
